

GameStation

FREE STANDING OR WALL MOUNTED

GameStation

RUGGEDISED CABINETS FEATURING POPULAR CONSOLE TECHNOLOGIES

GameStation is a commercial grade cabinet developed to enable popular and widely available Xbox One and PlayStation 4 console technologies to be used for free to play, in-venue entertainment.

The bright, compact and rugged GameStation maximises customer engagement by offering them the familiarity of their home entertainment solution, making it quick and easy for them to get in to the action. With an ever growing range of great games readily available for either console option, it's easy and cost effective to provide a selection of titles that will appeal to your clients and to update and change games in the future.

Available in either wall mount or free standing formats, the secure GameStation is made from heavy duty and hard wearing powder coated metal. It features high end components, including an industrial grade power supply, amplifier, speaker and 21" HD widescreen LCD display for bright, clear gaming.

Dimensions & Weights (HxWxD):
